Food for wild souls

## **TRAMP PET FOOD®**

At Tramp we make our formulas using the best raw materials in the country. Giving the best quality at the best price.

When people have a problem with their cat or dog, the only one capable of giving them advice is the professional who works every day to train and improve, and at Tramp we support them by giving the opportunity to grow together.

We always give quality assurance to all our consumers. Since we have everything necessary to be the first option. Our price per kilo is better than other brands at the same level. We only use high quality ingredients with a high % of fresh fish and meat. In short, at Tramp we are different. Like our clients, who prefer quality.

# EXCLUSIVE PRODUCTS WITH A UNIQUE DESIGN

Our products have a quality guarantee since we work with raw materials such as Cantabrian blue fish or Iberian pork. We ensure the health of our pets so that they enjoy a healthy, active and happy life.
